

Marching Spartan Uniform Information

(Winds and Percussion)

The marching band uniform has some components that are provided by the band and some that are required to be purchased by each individual band member. Each band member will be provided with a Marching Spartan t-shirt which will be used with both uniforms listed below. We recommend purchasing an additional t-shirt with the gear order form, but it is not required.

Class A Uniform: This is the actual marching uniform that will be worn for competitions, parades and most home games starting in mid-September. The parts of this uniform that need to be purchased by the individual band members are:

- Black marching shoes (we will order these if you don't already have them, cost will be \$50)
- Long black socks
- Long white gloves (winds only - recommend 2 pairs, we will order these, cost will be \$4/pair normal, \$5 pair fingerless)

The current year's Marching Band Show Shirt is required to be worn under the band uniform at all times so that when the jacket is removed, the band will still look uniform. Your student will also want to have athletic shorts or leggings to wear under the uniform pants.

The fees for the shoes and gloves will be collected separately.

Class B Uniform: This is a "casual" uniform the band will wear to away football games and the early home football games. Everything for this uniform needs to be purchased by the individual band members with the exception of the band t-shirt.

- **Khaki shorts or pants**
- Marching band t-shirt
- Mount Tabor hoodie or fleece top for cold weather (order through the gear order form)
- Tennis shoes / socks (these can be any color as long as they are something normal like white, black, gray)
